# V Series Barcode and Label Printer

## Out-of-the-box Solution for Barcode Labels

The V series printer is ideal for most low to medium volume label printing requirements. The V Series is capable of over-printing labels up to 118mm wide by 160mm long. V series printers can be used for carton and warehouse identification labels as well as food and compliance labelling.

All V series printers are supplied with FREE Easylabel software, interface & power cables and instructions.
